Subject: Re: Colonial airport site

Hello Steve,

I will get that info for you. I have the logbook in Duluth but I am in Tampa. I will have someone look that over and send it out. The text still needs some of Todd's collected info added. I am working to get a junior to add that info in. Then to you. I am hoping by the end of this week or early next week.

Thanks,

Leslie

I've asked colonial for one last field ops update. Can you send me the estimated soil volume and oil collected to date volume? I think Todd had captured in log book. What's timeframe for me to see draft narrative? Thanks
